Share On  PARLER

Fort Bragg quit announcing soldier deaths at the end of July 2021

It's no wonder. Soldiers were dying there at a rate of 1 every 3 days in August. More Biden corruption.

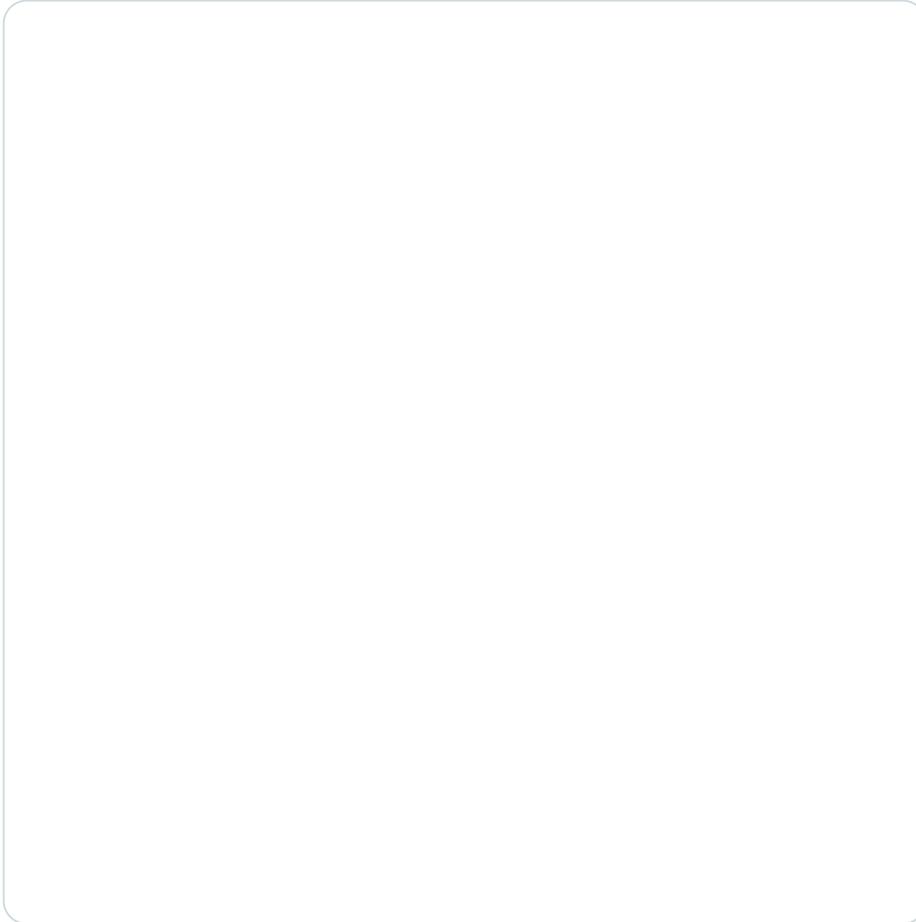

Congress, on the hand, is concerned with renaming Fort Bragg.

@tankeroffof

The Army's CRC stopped announcing PLRs for young soldiers collapsing in death for unexplained reasons. We know why.

I know people who are stationed at Fort Bragg and they don't even fully understand what's happening over there, but from what they've told me it's bad.

Seth Harp  @setharpesq

20 percent of all US Army deaths take place at Fort Bragg, even though only 5 percent of US soldiers are stationed there

Replying to @ColumbiaBugle

Seth Harp @sethharpesq

Here are three Fort Bragg soldiers, all in elite US Army units, who recently died - on post - from apparent heart attacks.

It's weird because they all look so fit.

Seth Harp ✓ @setharpesq

This is not normal.

113 soldiers assigned to Fort Bragg died between Jan 2020 and Jan 2022.

Only 4 of those deaths were in combat. All the rest took place stateside.

These are their names.

They have decided to re-name Fort Bragg as Fort Dead Soldiers, since they are killing them all off with the job.

The Pentagon is a key player in the coup. They funded the Wuhan lab, gain of function, and OK'd the intentional release of the virus. They coordinated fraudulent military ballots and know about all the treason taking place in the swamp. They are traitors who have betrayed their oaths of service and should put their service revolver in their mouths and pull the trigger.

You need to add two more names; 'bgates' and 'gsoros'.

If by mandates you point to those two, then yes they are responsible, but how then do you put this round peg into the square hole - it was (and still is) Trump's claim of his, "greatest achievement", to get the "vaccine" to the American public.

I refuse to put the Trump Administration on any equal footing to the wicked administration in office now, but, at the risk of sounding naive, I would prefer to give Trump a little leeway due to the timing of his 'vaccine' response. However, he certainly cannot be excused for his continued support, especially in light of developments as seen again in this report. He needs to come forward with a full retraction and a vindication of all those medical professionals who risked their livelihoods to get the truth out there. But, until such time, and even though I have a hard time admitting it, he is just as responsible as the rest of them.

Its becoming very difficult to not feel like we are all marching towards an inescapable end of all things, and that it seems to matter less and less who we look too to be in charge. No matter which way I turn my eyes, all I see is one looming catastrophe after another on a very near horizon. I guess these times are the leadup to the kinds of world conditions that are needed for the world to openly receive the man who becomes the Antichrist:

UN leadership, circa 1960, (in response to economic conditions), "What we want is a man of sufficient stature to hold the alliances of all people and to lift us out of this economic morass into which we are sinking. Send us such a man, and be he god or devil, we will receive him".

The economic conditions today are multitudes worse then they were when that statement was made. The CEO of J.P.Morgan Bank, Jamie Dimon, just recently said that an, "Economic Hurricane is right around the corner". I don't believe that such things are by accident or mistake. It is all part of a planned demolition of society at every level - out with the old before the new comes in.

Even if one is an atheist, how can anyone not see the parallels of todays conditions and the prophecies of old that detail an 'end of times'? Of course there have been desperate times in the past, but never have all of the end time prophecies been actively converging with world conditions, such as they are now. There is no doubt that a new paradigm is already unfolding, but for the vast majority, it will far eclipse their understanding and the end for them will not be good.

"but never have all of the end time prophecies been actively converging with world conditions, such as they are now." How right you are!

It's so good to see someone else feels the same way as I do. I wonder if you know about the 7 year plan that brings in the 7 year Tribulation period. Because I see how the peace plan comes about, with one certain country, that has always said NO to peace with Israel, since the days of Carter. Trump got it started, but then had to leave office. Since then, I knew how that certain country's leader is going to say "yes" to peace with Israel. I'd love to tell ya how.

I also figured out the reason for the huge immigration of muslims to so many NON muslim countries. If you see a word in Rev 20:4, then you might be able to figure it out. That certain word is also in the koran. The citizens in those many countries wouldn't have a reason, to do what that verse says, so "they" put in those people that already hate Christians and Jews as much as Satan does, and they'll do it. Wonder what you think about this. We are very close...

I heard about all about the 300+ sports players dying, as I've been archiving/collecting a ton of websites on that, and so much more, but I didn't know so many soldiers had died! All the news and links below, I'll be adding to my collection, along with this article. I could make a great book, with everything I've collected on this "experimental vaccine". Sadly it'd be a true horror story.

Thanks for the article, we all to need to know everything that's been going on. It's so simple to see, that it's depopulation. I've got news now, that a new lockdown is coming in the fall, with a "new deadly variant" in the works, right before elections. If so, that's not good! Must be that not enough people yet, have woken up screaming to the ones who are doing this to us.

WOW!!!!

Of course, much of the leftist news media is claiming there are mysterious murders happening. The soldiers are all being found dead of heart attacks due to the COVID vaccines. In the general population, such high rates of cardiac related deaths can be ignored. In the extremely physically fit and very young population of combat soldiers, such a large rash of deaths can't be covered up.
